JOB ADVERT

Maintenance/Handyman

We are seeking a field based maintenance/Handyman in the London area to inspect and carry out various planned and reactive repairs and maintenance duties within residential properties. The prospective candidate should have proven experience in the following areas; Kitchen/Bathroom fittings, plumbing inc taps, electric showers etc, electrics, carpentry, painting & decorating, replacing locks, tiling/wood flooring and general handyman repairs. You will be required to attend Customers premises, assess repairs and report back with requirement and eventually completing the works to a high standard. Having a Gas Safe qualification is an advantage, but not essential.

The day to day role will involve you ensuring that your days work is completed to a high standard, ordering any materials required for jobs, completing the necessary paperwork, and overall providing a reliable & honest service.

Requirements

Hold a current full UK driving licence

Competent in the safe use & operation of equipment

Excellent customer service & communication skills

Self motivated & demonstrate pride and commitment in your work.

Ability to prioritise work loads

Problem solving skills

Ability to understand faults

Confident in providing best advice to customers and dealing with customers face to face

You will be required to represent the company's image at all times, through your work and conduct with customers and clients.

Previous proven Maintenance/Handyman experience is essential.
